

AI DECLARATION

I hereby declare that artificial intelligence tools were used as support during the development of this project. The following tools were used for the purposes stated below:

1. Claude (Sonnet 5.5)

Claude was used to assist with the implementation file and to support the development of the project's functionality.

2. ChatGPT (GPT-5.5) and Codex

ChatGPT and/or Codex were used primarily for debugging, identifying errors, suggesting corrections, and resolving technical issues in the code.

3. Antigravity IDE

The Antigravity IDE was used as the main coding environment for developing and managing the project.

4. Antigravity IDE Agent

The IDE's built-in agent was used to provide tips and recommendations for improving the site's design, usability, functionality, and overall quality.

All AI-generated suggestions and code were reviewed, tested, and adapted where necessary. I take responsibility for the final submitted work and confirm that I understand the implementation and functionality of the project.
